## **DETAILED ACTION**

### ***Response to Amendment***

1. Receipt is acknowledged of the Amendment filed May 24, 2006. The applicant amended claims 1, 45, and 64-66.

### ***Allowable Subject Matter***

2. Claims 1 and 45-70 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior arts of the record (Peebles (US6,454,163); Calder (US 6,516,998)) taken alone or in combination do not disclose, teach or fairly suggest the recited elements and steps claims 1, 45, 64 and 66. The references lack of a divert cassette having a first and a second storage compartment that are separated from each other by a compartment separating structure. The first storage compartment includes a diverted media storage area, and the second storage compartment includes a retracted media storage area. Furthermore, the references do not teach or suggest an ATM computer determining unpresentable media or retracted media, and then the machine properly storing the media in a designated compartment based on its determination (claims 64 and 66). After further search and thorough examination of the present application and in view of the Applicant's arguments and amendments, claims 1 and 45-70 are found to be in condition for allowance over the prior art made of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
